

## Upkeeper's Agency and Distributor Program

### Great Opportunities Offered with an Upkeeper Agency or Distributor Program:

- **No geographical limitations on selling areas**
- **No minimum orders.**
- **Drop ship directly from Upkeeper on your behalf**
- **FREE consultations on any industry or application**
- **FREE technical support**
- **Innovative and unique product line**
- **Increase your product range and target industry capabilities**
- **Referrals from [www.upkeeper.com](http://www.upkeeper.com) web site (with initial stock purchase)**
- **Unlimited possibilities for creative entrepreneurs**

Upkeeper Corporation is actively looking for Agents and Distributors in your area. We have had a number of inquiries from your region. We feel it is only fair to contact every company that has an interest in becoming an Upkeeper Agent or Distributor.

The unique **Voyager Turbo Cleaning Systems** can become the solution to our industrial and commercial customers most difficult cleaning problems. Being the **world's most powerful** portable cleaning system with a complete range of accessories, the Voyager Turbo is the cleaning system that many of your customers need today.

This is a fantastic opportunity for your company to increase base profits with ease.

Here are just a few of the advantages of becoming a distributor for Upkeeper Corporation in the USA:

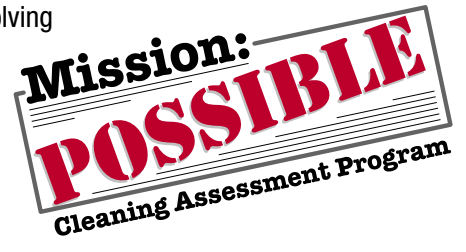

- The **Voyager Turbo Systems** are unique products. They are not available from any other manufacturers.
- Crowd pulling demonstrations increase sales potential. Tuition in selling techniques is available.
- Our attractive distributor pricing structure will ensure you see increased profits.
- Comprehensive after sales support and technical assistance always available.

With the **Voyager Turbo System's** door opening capabilities, you have more opportunities to sell your existing product lines. At Upkeeper, our motto is "**MISSION POSSIBLE**". With the correct training, products, and a positive attitude nothing is impossible.

Potential customers dispose of burned out or inefficient cleaning machines everyday. This is the result of not matching the right product to the particular application. At Upkeeper Corporation,

we are not interested in just selling machines; we strive to provide a cost effective, common sense solution that matches the customers' particular cleaning needs.

With our Mission Possible Cleaning Assessment Program, once we have conducted a simple analysis of all factors, we make an intelligent recommendation on the ideal solution for solving any specific cleaning need. A copy of our Cleaning Assessment form is available from Upkeeper.

We offer two levels of Agency or Distributorship depending on your business area and your resources. We can only make this offer to a limited number of qualified companies; we restrict the number of Agents/Distributors in any area. Upkeeper is a well-established company in the USA, and in many countries worldwide.

To become a part of the Mission Possible team in the USA, simply complete and return your Company Profile form today.

If you require any additional information or have any questions about becoming an Agent for Upkeeper products contact us here via telephone, fax or e-mail.

# Upkeeper Voyager® Turbo Cleaning Systems

## Features:

Advanced impact resistant turbo fan creates 500 CFM airflow to grab debris— on the floor, around machinery or overhead.

Motor peaks at 5 HP to pick up bulky debris with ease.

Heavy duty die cast aluminum housing for long term use.

Lightweight— weighs only 13 lbs. (5.9 kg)

Easy-to-empty zippered collector bag is machine washable.

Overload protection prevents motor burnout.

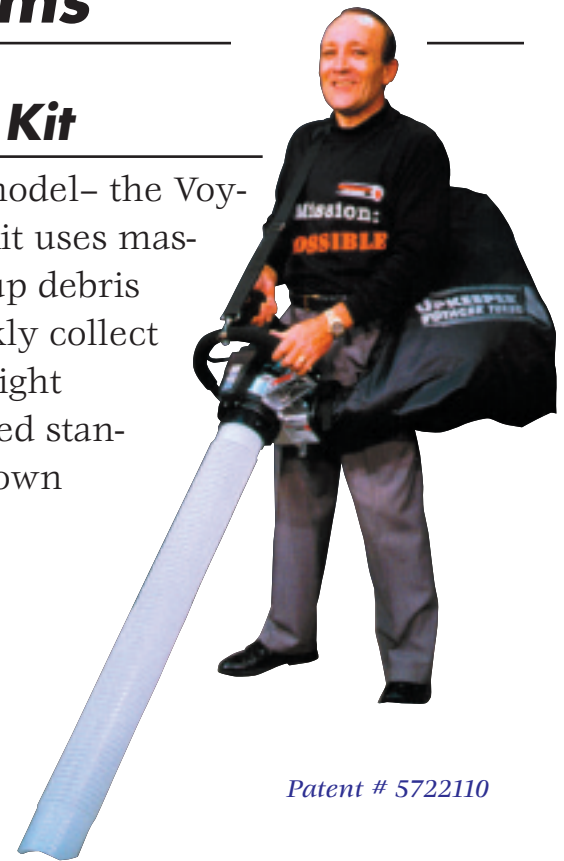

Safety limit switch allows motor to operate only when cover or accessories are locked in place.

5 year limited warranty.

UL listed and CE approved.

## 9500 Portable Kit

Our most popular model— the Voyager® Turbo Portable Kit uses massive air flow to clean up debris with ease. It will quickly collect most any type of dry light debris with the included standard accessory kit (shown below).

Patent # 5722110
